

SCANFIL PLC'S NAME WILL CHANGE TO SIEVI CAPITAL PLC

2011-05-16

SCANFIL PLC STOCK EXCHANGE RELEASE 16 MAY 2011 2.30 P.M.

SCANFIL PLC'S NAME WILL CHANGE TO SIEVI CAPITAL PLC

According to the decision of the Annual General Meeting on 13 April 2011 Scanfil plc's name will change to Sievi Capital plc, Sievi Capital Oyj in Finnish, on 16 May 2011. The amendment of the section 1 of the Articles of Association decided by the Annual General Meeting has now been entered in the Trade register.

The trading code of Sievi Capital plc as of 17 May 2011 is SC11V.

The change of the name is related to the splitting of the company in 2008. Group's parent company Scanfil plc is an investment company and its wholly owned subgroup Scanfil EMS Oy is engaged in contract manufacturing business. The new name of the parent company, Sievi Capital plc, describes better the parent company's branch of business. The Scanfil -name, which has become well-known during 35 years in contract manufacturing business, will remain in the use of Scanfil EMS Oy. The homepage address of Sievi Capital plc is www.sievicapital.com.

Scanfil Group comprises the investment and parent company Scanfil plc, and a subgroup called Scanfil EMS Oy, which is engaged in contract manufacturing for international telecommunications technology and professional electronics manufacturers. The objective of the investment activities is to make the management of the company's funds more effective and productive by diversifying the risks and finding new growth potential.

Scanfil EMS Oy has 35 years of experience in demanding contract manufacturing. Scanfil is a

systems supplier that offers its products and services to international telecommunications systems manufacturers and professional electronics customers. Typical products are equipment systems for mobile and public switched telephone networks, automation systems, frequency converters, lift control systems, equipment and systems for electricity production and transmission, analysers, slot machines and different meteorological instruments. The company has production facilities in China, Estonia, Hungary and Finland.

The associated companies of Scanfil Group:

Kitron ASA (KIT) (Scanfil plc's share of ownership 32,96%) is a listed Norwegian subcontractor, which operates in five different customer segments: the marine and oil industry, basic industry, defence equipment industry, hospital and healthcare equipment industry and data and telecommunications industry. In addition to Norway, Kitron ASA has plants and production in Sweden, Lithuania, Germany, China and, as of the beginning of 2011, also in the United States. Kitron ASA's turnover in 2010 was NOK 1,643.9 million (about EUR 204.8 million).

Greenpoint Oy (Scanfil EMS Oy's share of ownership 40%) focuses on development and supply of solutions and equipment, which improve placements, visibility and sales of customer products in the Point-Of-Sale. The Greenpoint product portfolio includes a large variety of refrigerated merchandisers, displays and integrated check-out zone concepts. The company serves both brand owners and retail chains internationally. Along with the European markets Greenpoint Oy has entered North and Latin American markets through partnerships. www.greenpoint.fi

iLOQ Ltd (Scanfil plc's share of ownership 23%) develops, manufactures and markets innovative, high security, electronic and battery-free locking solutions that combine modern mechatronics with communications and software technology. The functionality of the iLOQ S10 product concept developed by iLOQ Ltd and the added customer value it generates have been shown to be good by achieving significant growth and customer accounts in the Finnish lock market. The company has built a Finnish distributor network that covers growth centres and major cities. www.iloq.fi

IonPhase Oy (Scanfil plc's share of ownership 40%) develops and manufactures high performance dissipative polymers that help to control static electricity. IonPhase products are utilized in wide range of industries like chemical, automotive, telecommunication and consumer electronics. Based on own patented technology, IonPhase manufactures polymers called IonPhase IPE.
